

The children and parents enjoyed their swim at the Massey Park Aquatic Centre in Papakura before heading home to Karapiro.

Camp Day Five 17 February 2012

Thank you to all those who helped make Karapiro School Camp 2012 a memorable experience, we hope you enjoyed your taste of Northland. Many of you have said that you would like to return to experience more of what the North has to offer so that's great. Taking away a group of over 100 people on camp is no mean feat but it was made easy by the many willing helpers and the good humour and cooperation shown. The camp managers Robyn and Dave have sent the following e-mail:-

Please say a huge thank you to those children/adults who did the final clean-up. It's the best clean up I have ever seen. In some cases it was cleaner than you found it. I really appreciate that. Both Dave and I really enjoyed having your school on our camp grounds. We would love to have you back at a later date.

And this from tourists John & Glenys Morgan:-

Yesterday my wife and I were fortunate to pick a lovely day to take a day trip to Kawau Island. On board the boat over and back we were accompanied by pupils, staff and parent helpers from Karapiro School. What a wonderful bunch of children, so well behaved and so polite that we both wanted to let the school know our thoughts. They are a credit to their parents, teachers and especially their school. We hope they enjoyed the camp and had a safe trip home.

Thanks once again to Aoife's parents for providing all the camp lettuce and transporting the food to camp in their refrigerated van. Thank you to the Slaney's for the use of their horse float and to John Stretton for towing it. Thanks to those who allowed us to use their tents and kitchen appliances and to Cathy for washing all those t-towels. Be sure to come along to our next Assembly on Friday the 9th of March at 2.30pm when Room 3 will be sharing their Camp Power Point Presentation.

They still had enough energy for miniball on Friday night!
